EXPERIENCE THEATRE HERE!
Requel Gibson serves as Senior Counsel and Vice President with BMO Harris Bank N.A. She specializes in litigation and financial industry matters. Prior to her current professional role, Requel was an attorney with the law firm Jenner & Block and served as General Counsel in the energy and transportation industry. She brings over 25 years of seasoned advocacy, legal and leadership experience to ETA's Board of Directors. Her years of dedicated charitable and community service include Big Brothers Big Sisters of Chicago, Chicago Scholars, National Immigrant Justice Center and Black Women Lawyers Association. Ms. Gibson completed her undergraduate studies at Dartmouth College and earned her law degree from the University of Notre Dame Law School.

Requel comes to the Board as a passionate long-time supporter and advocate of ETA’s rich legacy as both a cultural powerhouse and one of many voices of the African American aesthetic through art and theater.
The mission of eta Creative Arts Foundation ("ETA" or the "Organization") is to provide professional opportunities through performance and on-the-job training for the development of both youth and adults as artists and technicians; through arts-in-education. ETA has a commitment to the production of new works that "tell our story "in the first voice. The Artistic Director ("AD") reports directly to the Executive Director (ED) and will work in partnership with the ED to passionately advance the organization’s mission, shape the artistic direction of ETA, and oversee and direct theatre productions, events, and programming. This position will build upon ETA’s history, engage the community, bring creative vision and experience to the components of ETA’s productions, and inspire staff, members of the production team, and audiences.
